supplements and pharmaceutical
products

10 STEPS TO YOUR SUPPLEMENT'S SUCCESS

1. Formulation

& Development

- Professional development and optimisation of your products
- Selection of ingredients
- Development of formulations
- More than 1000 ready-to-market formulations available

2. Regulatory Affairs

- Compliance with international standards
- Marketability tests
- Ensuring compliance with LMIV, FPackV and other laws and regulations
- Checking of health claims

3. Cell Studies

- In vitro and ex vivo models for testing
- Proving the health benefits, biological activity, and safety of products
- Complete research projects from basic R&D to pre-clinical studies

4. Manufacturing

- Manufacturing of pharmaceutical products and food supplements
- State-of-the-arts technologies
- Flexible order sizes
- Tablets, capsules, liquids, powder

5. Packaging

- Customized solutions
- Blister packs, folding boxes, bottles, sticks, pouches.
- Comprehensive support in complying with packaging regulations

6. Digital Brand Support

- Empowering the digital supply chain
- Building lasting online brands
- Fast market entry via web shop dropshipping and online campaigns
- D²CDMO (Digitally Driven CDMO)
- Analyzing market trends

7. Quality Management

- Transfer and development of analytical methods
- Testing of active ingredients and excipients
- IPC
- Testing of finished products and packaging materials
- Stability studies
- Microbiology

8. White Label

- Over 80 developed and marketability-tested food supplements
- Permanent stock for over 40 products across various therapeutic categories

9. Licensing Models

- Brands ready to distribute
- Successfully registered trade marks
- Fast market entry

10. Logistics & Transport

- Solutions for the global market
- Maximum security and precision

Product title	Dosage form	Rec. daily dose	Active ingredients per daily dose	
5HTP Stress Item No: HFK00018	90 Capsules (size 0)	2 Capsules	144 mg Magnesium 330 mg Griffonia extract of which 99 mg 5-HPT

Our promise – Your advantage

A strong group

We develop and produce food supplements and pharmaceutical products that guarantee the highest quality, safety and stability. Our manufacturing network stands for supply reliability and flexibility. You will profit from a big variety of technologies and expertise for a broad range of dosage forms (tablets, capsules, liquids, powders) within our group. We stand for consistent transfer of innovative concepts into successful products. 1Q Health understands the market, knows the trends and will be happy to accompany you on your journey. Our competence centers convince through decades of experience, committed employees and customer centric and agile approach.

Quality first

The “Q” in 1Q Health stands for quality, as it is at the core of everything we do. We only work with certified raw material suppliers. All our production facilities are GMP, IFS, FSSC, HACCP, BIO, or ISO certified. We also follow the health industry regulations carefully, improve our quality standards continuously and make adaptations if regulations or legal standards change. We keep our customers updated on such developments and suggest new formulations where needed.

One Stop Shop

We offer a wide spectrum of research and manufacturing services and act as a full-service provider with an ambitious on-time delivery. Our services do not end with the packaged product. We also support you in brand development and marketing via a wide range of distribution channels. We see ourselves as a digitally driven D²CDMO with many years of expertise in online business. We can further validate the health benefits of our customers’ formulations through in-vitro and ex-vivo studies at our own research laboratory.
